## 1. Product Identification

|                              |  |
|------------------------------|--|
| Product Name:                | <b>PYE WOOD FILLA NATURAL/ TEAK</b>                    |
| Other Names:                 | Interior Wood Filler                                   |
| Manufacturer's Product Code: | WOTE/ WONA   |
| Use:                         | For filling nail holes, cracks or split in any timber. |
| UN Number:                   | Not applicable   |
| Dangerous Goods Class        |  |
| And Subsidiary Risk:         | Not applicable   |
| Hazchem Code:                | Not applicable   |
| Poison Schedule No:          | Not scheduled  |

## 2. Physical and Chemical Properties

|                                       |                |
|---------------------------------------|----------------|
| Appearance:                           | Paste form     |
| Colour:                               | As standard    |
| Odour/ Taste:                         | Sweet smell    |
| Solubility (H <sub>2</sub> O):        | Soluble        |
| Density/ Specific Gravity:            | Not applicable |
| Viscosity:                            | Not determined |
| Boiling Point:                        | Not applicable |
| Particle Size:                        | Not determined |
| Shelf Life:                           | Min 12 months  |
| PH:                                   | 8 to 10        |
| Vapor Density (Air = 1):              | Not applicable |
| Vapor Pressure (Mm-Hg):               | Not applicable |
| Melting Point:                        | Not applicable |
| Evaporation Rate (Butyl Acetate = 1): | Not applicable |

## 3. Composition/ Information on Ingredients

| Components          | Cas Number | Propotions |
|---------------------|------------|------------|
| Calcium Carbonate   | 1317-65-3  | > 50%      |
| Cellulose Thickener | NA         | < 1%       |
| Vinyl Acetate       | 108-05-4   | > 5%       |
| Additives           | NA         | < 5%       |

## 4. Stability and Reactivity

Stability: Stable  
Incompatibility: None known  
Hazardous Polymerization: Will not occur

## 5. Hazards Identification

Poisons Schedule: None  
Risk: None under normal conditions.

## 6. Toxicology Information

### Acute Effects of Overexposure:

Swallowing: None currently known  
Skin Absorption: None currently known  
Inhalation: None currently known  
Skin Contact: None currently known  
Eye Contact: None currently known  
Chronic Effects of Overexposure: None currently known  
Other Health Hazards: None currently known

## 7. Ecology Information

Environmental Toxicity: Not determined  
Ecotoxicity Value: Not determined

## 8. Fire and Explosion Hazard Data

General Fire Hazards: When burning may emit toxic fumes.  
Flash Point: Not applicable  
Extinguishing Media: Use water or extinguishing media appropriate for surrounding fire.  
Special Fire Fighting Procedure: Wear appropriate personal protective equipment.  
When burning may emit toxic fumes.  
Unusual Fire & Explosion Hazards: None

## 9. First Aid Measures

Skin: In case of irritation wash with large amounts of water; use soap if available. If irritation persists, seek medical attention.  
Eyes: Flush eyes with large amounts of water for 15 minutes or until irritation subside. If irritation persists, get medical attention.  
Inhaled: Go to open area with fresh air until coughing and other symptoms subside. Seek medical attention if discomfort persists.  
Swallowed: Wash mouth with plenty of water. Drink large amounts of water if ingestion has occurred.

|                                   |   |                          |
