PYESTRIPPA M

Paint Stripper for Metal Surface

DESCRIPTION

PYESTRIPPA M is paint stripper based on methylene chloride. It is used for removing oil and water-based paints and for restoring hardened paint brushes.

ADVANTAGES

- Use straight from the can
- Washes off in water
- Good penetration
- Quick acting

DIRECTIONS FOR USE

Surface preparation

No prior preparation is required. Simply brush onto the painted surface.

Application

Apply generously with a brush and allow about 15 minutes for the stripper to act. Allow the paint to soften and/ or blister before removing with a flat scraper. Wash the surface with water and allow to dry.

Product Code : CLSM
