PYE Products..... easy to use

PYEKREK-SEAL

Resin Based Crack Sealer

DESCRIPTION

PYESKREK-SEAL is a specially formulated liquid sealant. Its low viscosity allows it to penetrate, fill and seal the hairline cracks in concrete, plaster, brick blocks or other similar types of materials.

SUITABLE FOR

PYEKREK-SEAL can be used on both horizontal and vertical plaster surfaces, hollow and concrete floors, mosaic and ceramic tiles, joints of floors and walls, toilet areas, cracks on bath tubs and toilet floor and precast concrete.

DIRECTIONS FOR USE

Surface preparation

Ensure surfaces are clean, dry and free from dirt, grease and loose materials.

Cracks on tiles and mosaic joints

Fill **PYEKREK-SEAL** in a plastic bottle (if purchased in 20 liters pack) and squeeze the liquid sealer into the joints until no more sealer can penetrate.

Cracks on vertical surfaces

Use a piece of plastic to form reservoirs at strategic points along the cracks. Keep topping up.

Product Code : REKR

Crazed floors

Flood the area for a period of 30 minutes and top up if necessary.

Cracks on flat roofs and floors

Apply by squeezing bottle along crack, repeating the treatment until no more sealer penetrates.

TECHNICAL & PHYSICAL DATA

Colour	White
Form	Liquid
Odour	Odourless after application.
Cleaning	Wash equipment with water immediately after use.

PACKING

500 ml, 4 litres & 20 litres
